## ENVOYS AGREE ON PROTOCOLS

Important Step Is Consummated  
in Peace Parleys.

### J. S. WAR WITH MEXICO OVER

Delegates From America and Southern Republic Affix Signatures—Internal Affairs of Country Still to Be Adjusted—Agreement on Provisional Government.

Washington, June 25.—Carranza's acceptance of the proposal for an international conference with the Huertista delegates to settle the internal difficulties of Mexico will be received before Saturday. This definite acknowledgment of the first chief was received by his agents here.

It is already settled that Luis Cabrera and Fernando I. Calderon will represent Carranza at these conferences and that Jose Vasconcelos will act as secretary to the delegates.

Niagara Falls, Ont., June 25.—The first three protocols of the peace plan prepared by the A. B. C. group of South American mediators were signed at a full conference held by the American and Mexican delegates to the conference held here. The conference began at 10 o'clock at night and lasted until 11:30. At the end of the conference, Ambassador Da Gama of Brazil, the ranking diplomat at among the mediators, said:

"We protocolized three articles of the protocol of the plan of pacification concerning the international side of the Mexican problem.

"Before signing that protocol we made a statement that we deemed it advisable to invite the constitutional party to send delegates to discuss with the Mexican delegates the international questions of the problem."

The protocol adopted follows:

Article 1. The provisional government referred to in the protocol No. 1 shall be constituted by agreement of the delegates representing the parties between which internal argument in Mexico is taking place.

Article 2, Section A. Upon the constitution of the provisional government the United States of America will recognize it immediately and thereupon diplomatic relations between the two countries will be re-established.

Article 2, Section B. The government of the United States of America will not in any form whatsoever claim a war indemnity or other international satisfaction.

Section C. The provisional government will proclaim an absolute amnesty to all foreigners for any and all political offenses committed during the period of civil war in Mexico.

Section D. The provisional government will negotiate for the constitution of internal commissions for the settlement of the claims of foreigners on account of damages sustained during the period of civil war as a consequence of military acts or the acts of national authorities.

Article 3. The three mediating governments agree on their part to recognize the provisional government organized as provided by Section 1 of this protocol.

Believe Work at End.

Ambassador Da Gama and Ministers Neaon and Suarez of Argentine and Chile were elated over the signing of the protocol. All three are of the opinion that their work is at an end, inasmuch as they have prepared a plan of pacification which has been adopted by both sides and have issued an invitation to the constitutionalists to participate in the conference. They will be willing to lend whatever assistance they can to lead to a successful result the good work they have undertaken.

From now on it remains for the constitutionalists to join the Huertista delegates and arrange a definite agreement.

Despite reported confirmations received here tonight of the fall of Zacaecas, the Mexican delegates are still unwilling to believe the report.

### GOT FISH LAWS.

City Clerk, Blake Grover, has received from the State Fish and Game Commission, 500 copies of the State Fish and Game Laws for distribution to those who desire them. His consignment of supplies from the State Department, also includes licenses.

### WILL SPEAK AT POLO.

Editor Frank S. Stevens of this city will be the speaker of the day at the exercises attendant upon the dedication of the restored Old Town Cemetery in Polo on next Sunday afternoon. The people of Polo have arranged a nice program for the event.

## R. G. REMMERS TAKEN BY REAPER

PROMINENT GRAND DETOUR PIONEER IS CALLED TO HIS REWARD.

### FUNERAL WILL BE ON SUNDAY

Mr. Remmers Was Born in Germany And Spent His Youth There Was Married in Dixon.

Reiner C. Remmers, one of Ogle county's prosperous and most highly respected citizens passed away at his home in Grand Detour at 6:30 o'clock Wednesday evening, death resulting from stomach trouble. The funeral services will probably be held on Sunday, definite announcement of the hour to be made later.

The deceased, who was a man of independent means, and whose character had won him the confidence and respect of all was born in Oldenburg, Germany, on December 11, 1831. His youth was spent in his native land, part of the time being devoted to farming. For seven years he served in the army of the Fatherland, coming to America at the age of 32. He came at once to Lee county, upon arriving in this country.

In 1877 he moved to Ogle county and rented 160 acres of land in Grand Detour township, and two years later he purchased the farm, working it continuously until 1898, when he retired from active work and moved to Grand Detour to spend the remaining days of his life. He was the owners of 342 acres of land in Grand Detour township.

On February 19, 1869, at Dixon, he was united in marriage to Caroline Schroeder, who with three children survive him and mourn his passing; the children being, Mrs. Hattie A. Tholen, George F. and Charles W. To them the condolence of many friends is tendered. For twelve years Mr. Remmers was a Commissioner of Highways of Grand Detour township and during his entire life in the community he was active in the work of the German Lutheran church.

## SEEK INFORMATION OF SAMUEL REED

### DIXON POST G. A. R. WANTS TO KNOW FATE OF A MISSING COMRADE

Dixon Post, No. 229, G. A. R., is endeavoring to secure information as to the whereabouts of Samuel S. Reed, a veteran of the Civil War, in Dixon and belonged to the Twelfth regiment, Illinois Volunteer Cavalry, between 1861 and 1865. For many years no news has been had from the comrade, and accordingly the post is endeavoring to learn his fate, as is evidenced by the following circular from the headquarters.

"Is there any one in Dixon, who remembers Samuel S. Reed, who enlisted in this city and belonged to the Twelfth Regiment, Illinois Volunteer Cavalry, between 1861 and 1865, and what has become of him?"

CHARLES W. DEY,  
Adjutant.

## WEEK END GAMES PROMISE INTEREST

### STARS VS. BUSTERS AND I. N. U. VS. BRUNSWICKS ARE COMING ATTRACTIONS.

The Stars and Buster Browns will hook up in the City League race at Lincoln Park on Saturday afternoon at 3:30 o'clock and the fans anticipate one of the hottest battles of the season, when these teams meet; for the Busters have improved wonderfully since the season opened and will undoubtedly be able to give the league leaders a race for their money. The Stars will, of course, go the limit in the game on Saturday, for the I. N. U. and Brunswicks meet Sunday and it will be necessary for the Stars to cop the game Saturday in order to stay on the top.

And incidentally, the set-to Sunday between the Utility Workers and Brunswicks should be some game. It will mean the meeting of Lightner and Huber and these two crack box artists may be expected to put up their best.

## BURZ AND CORCHES CASES DISMISSED

### STATES ATTORNEY EDWARDS FINDS THEY COULD NOT BE CRIMINALLY PROSECUTED

The final hearing in the cases of Peter and Minerva Burz and Nicholas Corches the cement plant residents, who were charged with an attempt to make a get-away with funds of local merchants, entrusted in their care, was held before Judge Kent last evening.

At that time the cases of the three were dismissed on the motion of States Attorney Edwards, as they could not be directly accused of any statutory offense. However, the money belonging to A. Weigle, of this city, that they had in their possession at the time of their apprehension in Sterling, by Sheriff Reed, was paid back to Mr. Weigle, and also other orders of local creditors to whom those on trial were indebted, were honored to the extent of the money recovered by the authorities, which amounted to about \$350.

## SEVERE ELECTRICAL STORM SWEEPED OVER DIXON AND VICINITY

MOST BRILLIANT DISPLAY OF  
LIGHTENING SEEN HERE  
WEDNESDAY EVENING.

### BAD FIRE AT DEER GROVE Three Buildings in Whiteside County Were Destroyed—Other News Of The Storm

Dixon and vicinity were visited by the most brilliant electrical storm of the year, between 7 and 10 o'clock, Wednesday evening; during which time the skies were kept constantly aflame by the darting electricity. The lightning was of the "streak" variety and was such as to lead to the belief many buildings would be struck and great damage would result.

However, as far as could be ascertained the only serious conflagration which resulted was at Deer Grove, in Whiteside county, to the southeast of Dixon. Indirect communication this morning was to the effect that Mosher's store, the M. W. A. hall and the barber shop in Deer Grove had been destroyed by the fire. Great damage to the telephone lines in that vicinity made it impossible to reach Deer Grove directly to establish the amount of damage or the particulars of the fire.

The northwest sky was brightly illuminated during the evening, and reports of a bad fire at Brookville, a settlement eight miles northwest of Polo, reached this city. Telephonic communication with Polo today was to the effect that there had been no fire in that vicinity and that reports from Brookville were to the effect that the reflection was visible from there, but that if it was from a fire the conflagration was many miles distant.

The great amount of lightning caused the Illinois Northern Utilities Co. a great deal of trouble. A bolt of lightning passed through one of the big generators at the Dixon power plant, burning out the machine and causing a blaze of burning insulation which caused the summoning of the fire department. The blaze had burned itself out, however, before the arrival of the firemen; but the machine was useless and for some time the street lights and many of the residence lights of the city were out, until the local circuits could be "cut in" on the high tension lines of other plants.

Interurban car No. 103 was rendered useless when lightning struck the trolley wire the "juice" passing through the motors of the car and burning them out. The car was near Gap Grove at the time and it was necessary to send another car out from Dixon to bring the "cripple" back to this city.

The Dixon Home Telephone company also suffered damage from the storm. Reports from the office of the company this morning were to the effect that many lines were put out of business; and the Western Union Telegraph company's manager also reports that many of its lines were put out of commission.

## LIQUOR TRIAL WAS PROSECUTED TODAY

### MRS. GABINA WAS TAKEN ILL AT TRIAL AND REMOVED TO HER HOME.

he trails of Adam, Gabina and wife, Julia, and Nick Marca, who were charged by James Harvey, acting for the Sheriff's office, with having sold liquor without a license at their home near the Cement Plant, were called this morning in Justice Hill's court. Attorneys Hannsaken and Brooks appeared for the defendants, while States Attorney Edwards, prosecuted. Evidence was taken in both cases, after which a continuance was taken until four o'clock this afternoon, at which time the attorneys will make their arguments. During the hearing this morning the Gabina woman became seriously ill and it was necessary to remove her to her home in a taxi.

## COLONEL BRINTON NOT A CANDIDATE

DEMOCRAT LEADER PUTS DUTY  
TO HIS STOCKHOLDERS AHEAD  
OF OFFICE SEEKING

### HAS BEEN URGED TO RUN

Could Have Had Nomination for Congress, State Senator or Congressman At Large, if He Desired It.

Colonel W. B. Brinton, Democratic chief and Mayor of Dixon, has been urged for some time by his friends to become a candidate for either congress or state senator, preferably state senator. They earnestly want him to run because they know he could do some good for the district with his influence at Springfield. The Colonel has been considering it. Secretly, down in his heart, he would like awfully well to get out onto the field of action this summer, and give the opposition the beating of a lifetime.

But nevertheless, Mr. Brinton will not be a candidate. He said so last night and he said it with a firmness that was convincing. And his reason is so good and honest that his friends sorry as they may be that he won't lead them, cannot object. Said the Colonel:

"I suppose I could get the consent of the directors of this corporation of which I am president, to let me run for office. But the stockholders of this concern are paying me a darn good salary to run this plow show and I believe that since they are doing that the thing for me to do is to stay right here and make plows."

"This Mayor's job," observed the Colonel, "is enough. I can take care of my work here and finish out my term as Mayor, but it was the only office I ever was a candidate for and I'm not much on running for office. When a man is being employed and paid by any institution, I don't think he is doing the right thing if he fritters away his time fooling with politics. It is not being honest with the stockholders."

The Mayor just returned from Springfield a day or two ago. He was down there finishing up the details of locating the epileptic colony in Dixon. He indulged in a little political talk on the side, after everything else was finished, and he has brought home an impression that Roger Sullivan, the big Chicago biscuit maker, is just about the gentleman who is going to come up smiling with the Democratic nomination for U. S. Senator.

## ADHERE TO SCHEME FOR SEWER EXTENSION

### BOARD OF LOCAL IMPROVEMENTS DECIDES FOR CRAWFORD AVE. SEWER

The board of local improvements this afternoon met at the city hall for the advertised public consideration of the proposed sewer extension on Crawford avenue from Sixth street to a point 250 feet north of East street; and at the conclusion of the hearing the board passed a resolution adhering to the scheme and instructing the city attorney to proceed with the preparation of the necessary ordinance.

To Inspect Sewers  
The Board this morning went to North Dixon to inspect the recently completed sewers in that part of the city, but because of the rains of the past few days the streets were found to be too muddy for thorough examination of the work, and accordingly the inspection was postponed until some future time.

## BIG DRY GOODS FIRM FAILS FOR \$35,000,000

H. B. CLAFTIN CO. OF NEW YORK  
WENT INTO BANKRUPTCY  
THIS MORNING

### CONTROLS OVER 30 STORES

Endorsement of Their Paper Held By 3000 Banks Caused Big Crash

(Associated Press.)

New York City, June 25.—The great dry goods house of H. B. Clafstin Co., failed today with liabilities of \$35,000,000 and assets of \$40,000,000. Two precedings, one friendly and the other unfriendly, threw the big firm into bankruptcy, and two receivers have been named.

The Clafstin Company control or is affiliated with some thirty retail stores throughout the United States and it was the endorsement of their paper, held by more than 3,000 banks here and in interior cities, that caused the crash.

The United Dry Goods Company and Associated Merchants Company which are thought to be affiliated with the Clafstin Company through stock control, are in no way involved in the failure.

Unless blocked by the creditors, the reorganization of the firm is contemplated, according to a statement by John Clafstin, president. A note-holders protective committee has been formed to look after the interests of the creditors. The receivers said today, that the failure was of such tremendous proportion that it will be several weeks before it is possible to know the exact standing of conditions.

## LEECH IS CANDIDATE FOR REPRESENTATIVE

### POPULAR AMBOY MAN HAS ANNOUNCED HIS DECISION TO RUN FOR REPUBLICAN NOMINATION.

Attorney William Leech, City Attorney of Amboy, this county, and Secretary of the Lee County Fair, today authorized the Evening Telegraph to announce that he is an active candidate for the nomination for State Representative, on the Republican ticket.

Attorney Leech, who was formerly in the law practice in Dixon, has as many friends here as ever, for he has kept in touch with Dixon people and Dixon interests and is here several days each week on legal missions. It is certain that Mr. Leech will get gratifying support from Dixon.

In Amboy, the town is behind him solidly and it was the urging of his associates there, that persuaded him to be a candidate. He has been mentioned for several prominent offices this campaign. His friends feel that Mr. Leech will be a credit to this district, if he is sent to Springfield to represent it. The Evening Telegraph endorses that sentiment. Attorney Leech is an exceptionally capable man. He is full of loyalty for his district and has the personality, the inclination and the energy to do things down there that will reflect credit upon the voters who may send him there.

## FRANKLIN GROVE MEN ON ADVERTISING TRIP

The business men of Franklin Grove will go on an advertising tour tomorrow, one hundred and fifty strong. They will have thirty automobiles in their caravan and they expect to visit many of the cities and towns within the radius of many miles to distribute advertising for the Franklin Grove Camp Meeting. They will visit Dixon late in the afternoon.

Charles Algright of North Dixon has gone to Manley, Iowa, to visit his sons, who are employed with the Illinois Central railroad at that place.

## PERKINS CHOICE OF ROOSEVELT

Colonel Says He Is Most Useful Progressive.

### PARTY CAN NOT READ HIM OUT

"If They Read Him Out," Declares Moose Leader, "They Will Read Me Out Also"—Arriving in America He Makes Defense of Chairman of Progressive National Body.

New York, June 24.—Colonel Roosevelt, health improved, spirits swinging in an ample arc, arrived in port on the Hamburg-American liner Imperator at quarantine and was immediately placed on board Wm. H. Childs' yacht Joyance, which took him to Oyster Bay.

With the return of the Colonel from his son Kermit's wedding in Spain, one question at least of extraordinary interest to members of the Progressive party as well as to the older parties was answered by the Colonel himself in his most emphatic fashion.

Stands by Perkins.  
Will he stand by George W. Perkins, even though the Pinchots and other foremost Progressives are reading Mr. Perkins out of the party? He will. He said tonight, in giving out a statement as he left the Imperator:

"Mr. Perkins has been on the whole the most successful member of the Progressive party. No man has served with greater zeal and disinterestedness. He has striven in absolute good faith for the principles of the party both as regards corporations and business generally, and as regards the welfare of the wage worker and his economic and social advance. As for reading him out of the party, when that is done they will have to read me out too."

## ARMSTRONG OUT FOR COUNTY JUDGESHIP

Dixon Attorney Announces Himself as Candidate for Democratic Nomination

John J. Armstrong, Attorney at Law and a resident of Dixon, for many years a teacher in the public school of Lee County, today announces himself as a candidate for the Democratic nomination for the office of County Judge of Lee County, subject to the will of the voters at the primary election, September 9th, 1914.

John Armstrong is a man held in high regard by his many friends. As yet he has no opposition in the ranks of his party and there seems little doubt that he will be the Democratic nominee.

## CREWS ARE READY FOR BIG REGATTA

UNIVERSITIES WILL WATCH INTERCOLLEGIATES WITH INTEREST AT POUGHKEEPSIE

## SIX ENTERED IN BIG EVENT

Washington and Wisconsin State Universities are Only Western Crews Listed.

(Associated Press.)

Poughkeepsie, N. Y., June 25.—With months of hard training at their back, 120 oarsmen are to day idling or paddling away the hours which intervene before the call to the starting line of the intercollegiate regatta to be held on the Hudson river course tomorrow afternoon. Nothing remains but the final instructions of the coaches just before the fifteen crews step into their shells for the slow pull out stream to the start twenty-four hours hence.

Since early last autumn the crew candidates have worked indoors and out as weather permitted and from the original squads averaging close to 150, about thirty oarsmen have survived the gruelling months of training and today have won seats in either the 'varsity, junior or freshmen eight-oared shells. Tomorrow will come the supreme test with the national university rowing champion ship at stake in the three races that form the program of the Twentieth annual regatta of the Intercollegiate Rowing Association.

Coaches and crew alike while confident, predict a close contest in each event and if the weather and water conditions are favorable, new records for the course are not unlikely. Coach Rice, of the Columbia crews, has predicted that the stellar race—the 'varsity four-mile—lies between Cornell and Columbia, but shrewd river men and the other coaches do not entirely agree with this forecast. Ten Eyck of Syracuse and Conbar of Washington, both figure their 'varsity eights have an excellent chance in the big events, while Nicholls of Pennsylvania and Vail of Wisconsin are confident that their rowing men are going to give the wash of their shells to several of the eights at the finish of the long race. There is no reason for the quiet confidence since several of the 'varsity eights have shown well in preliminary races this season and include many of the oarsmen who swung sweeps in the race of 1913. Cornell has defeated Harvard, Princeton and Yale this spring; Columbia, Princeton and Stanford; and Pennsylvania, under the coaching of Vivian Nicholls, the English instructor, defeated the strong nited States Naval Academy crew.

Wisconsin and Syracuse are the only crews that have not had a pre-season. This omission, however, liminary test against one or more college eights during the present season, this omission, however, has not dampened the ardor of their supporters, who expect them to row to the standard of the more experienced crews.

With the exception of Columbia, which has boated lights crews this year, the eights of all the universities average up well in point of weight, height and age, as the following statistics show:

CREWS	WEIGHT	AGE
Columbia	166 1/2	21 1/4 yrs.
Syracuse	174	23 1/4 yrs.
Cornell	175 1/2	22 1/4 yrs.

### WAR ON "BLIND PIGS" BEGUN

Cook County Raids May Result in 500 Arrests.

Chicago, June 25.—Thirty-four keepers of alleged "blind pigs" in Worth and Maine townships are to be arrested and taken before Justice of the Peace John T. Emery of Oak Lawn.

The issuance of these warrants was said to be only the beginning of a crusade which is expected to result in 500 arrests.

### TOWN DIVIDES OVER BROWNE

Some Want and Some Do Not Legislator for Fourth Orator.

Danville, Ill., June 25.—The engagement of Lee O'Neill Browne as principal speaker on the Fourth of July program at Potomac threatens to divide that town.

The church people have adopted resolutions against the committee's action in bringing Browne and threaten to join the rival town of Armstrong and celebrate there.

### PENITENTIARY GUARD WELL-KNOWN WRITER

"Larry Evans" of Books and Magazines Is at Joliet.

Joliet, Ill., June 25.—All day he wears rough working clothes, carries a loaded cane and watches cat-like the movements of a gang of convict farm laborers at the Joliet penitentiary. He is Max Erxleben, prison guard and overseer, with wage of \$70 a month.

At night, in the quiet of a well-equipped library, where a student's lamp gleams upon strewn books and stationery, he picks up a pen and proceeds to write stirring fiction in response to the clamor of leading magazines. Then he is "Larry Evans," author of "Once to Every Man," one of the season's "best sellers," as well as scores of published short stories.

That the mysterious "Larry Evans" and Prison Guard Erxleben are one and the same was discovered at the penitentiary. Erxleben is said to be making more than \$5,000 a year by his writing, to which he devotes all the time not given to watching convicts. He has kept his literary identity a secret for five years, during which time he has worked as an attendant at the Kankakee state hospital for the insane and at the penitentiary for information and "atmosphere" to embody in his writings, he explains.

### ESCAPED CONVICT IS CAUGHT

William Murphy Captured While Swimming in Creek Near Joliet.

Joliet, Ill., June 25.—William Murphy, twenty-nine years old, who, with Jack Burke, escaped from the high way camp of "honor convicts" at Camp Dunne, near Ottawa, Ill., on May 28, has been captured by a squad of Joliet police.

Murphy was surrounded while he was swimming in a creek about one mile south of Joliet. Arrangements had already been made by the police with James Murphy, the escaped convict's brother, to capture Murphy in his mother's home at 9 o'clock that night.

### NEW INTERURBAN IS IN AIR

Company Asks Permit to Build Southern Illinois Line.

Springfield, Ill., June 25.—The Southern Illinois & St. Louis Railway company represented by T. G. Deering, appeared before Former Judge Owen P. Thompson of Illinois public utilities commission petitioning for a certificate to construct an electric line between Marion, Harrisburg and Johnson City. The company was declared to be organized with a capital stock of \$3,250,000.

Commissioner Thompson demanded that the contracted agreements be filed with the commission.

### TAYLORVILLE DRYEST PLACE

You'll Be Pinched Even if You Give Friend a Drink.

Taylorville, Ill., June 25.—The city council of Taylorville has passed the most stringent antiquior ordinance in the state, if not in the United States. Giving a man a drink of liquor or being caught drinking with a friend means a penalty of from \$25 to \$100. Not a drop of liquor will be allowed in clubs or homes under penalty of from \$200 down to \$25.

### Three Die in Dollar Quest.

East St. Louis, Ill., June 25.—John W. Enders, a contractor, and Cyrus Giles and Leo Harold, employed by him, were asphyxiated by sewer gas while attempting to recover a \$1 post-hole digger which fell into an excavation.

### McDonough County Full of Oil.

Macomb, Ill., June 25.—The ninth oil well was drilled in the new McDonough county oil field. It is on the land of Arthur C. Wear in Lamoine township.

### William Bardwell, phone 303, is agent for the Saturday Evening Post and will deliver a copy of it at your door upon request.

### DEMENTTOWN

Here's a bet, if Czar Nick ever sees a copy of the Dixon paper that published a picture of General Villa, the Mexican bandit chief, and vouches for it as the latest likeness of His Majesty, the Emperor of Russia, he'll exp' about fifty of his prominent Dukes and take sides with General Huerta.

We note, albeit, with much pleasure that one week from Saturday is Firecracker Day. Which means a vacation.

And we respectfully call that fact to the attention of Messrs. Nettz, McGowan, Miller and Snyder.

Music may have charms, etc., but we noticed yesterday that when a loud argument started in an upstairs Hebrew tailoring shop, in the afternoon, the crowd passed up the blind accordion player across the street, and packed it across the thoroughfare, to witness the scrap.

### Too True, in Many Cases.

At the wedding reception, the young man remarked:

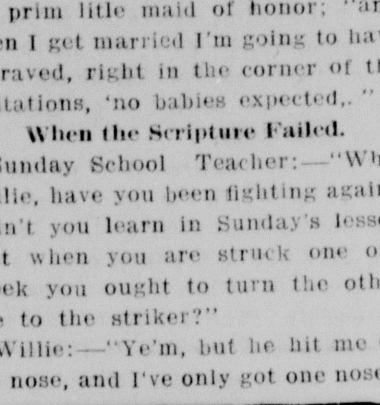

"Wasn't it annoying the way that baby cried during the whole ceremony?"

"It was simply dreadful," replied the prim little maid of honor; "and when I get married I'm going to have engraved, right in the corner of the invitations, 'no babies expected.'"

### When the Scripture Failed.

Sunday School Teacher:—"Why, Willie, have you been fighting again? Didn't you learn in Sunday's lesson that when you are struck one on the cheek you ought to turn the other one to the striker?"

Willie:—"Ye'm, but he hit me on the nose, and I've only got one nose."

## GUS GRIESEL

\* Red McGhee says:

\* You don't know Gus? I thought not, bo. He hasn't hit the

\* big league show — an' maybe never will. He's with Milwaukee's A.

\* A. clan, a sort of all 'round handy man — no job

\* that Gus can't fill. When Callahan copped off

\* Chappell they told Clark Gus could fill in swell. Gus

\* played with Wausau then. Clark signed him for

\* the outfield stuff but Gus showed up a little rough

\* an' Clark used other men.

\* One day the pitchers all went bad. Along

\* steps Gus an' said he had some pitchin' in his

\* arm. Clark kidded him but sent him in. There

\* didn't seem no chance to win so what'd be the

\* harm? Gus fanned five Hoosiers out o' six, al-

\* lowed no hits an' showed some tricks his boss

\* had never seen. Well, just a few days after that

\* Clark pined for someone who could bat — a dead

\* sure bet, I mean.

\* Gus 'lows that he's a pinch hit kid. He says, "I'll double"

\* An' he did, when he went up to swat. Ol' Clark's hope shoots began to

\* sprout. Sez he: "I guess I'll try him out an' see jus' what he's got."

\* So Gus has held down every task except the one behind the mask an'

\* played 'em like a vet. The kid is only twenty-one. If he can keep

\* the pace he's run he'll hit the big leagues yet.

The appointments were exquisite throughout, the artist touch being evident in the combining of the bride's chosen colors, pink and white.

At the appointed hour, Miss Amanda Vaupel, played the wedding march from Mendelssohn as the bride and groom, preceded by Master Orland Yenerich, a nephew of the groom, as ring bearer, took their places beneath a bower of ferns and roses, where the beautiful ring ceremony was performed by Rev. J. G. Eller, pastor of the Evangelical church at Ashton. The ring service was used. The ring was carried in a beautiful pink rose.

Following the ceremony, a four course dinner was served. The dining room was prettily decorated with pink and white ribbons which were suspended from a basket of pink roses, hanging under the chandelier, and were caught to the corners of the table. Fern leaves and smilax were used on the bride's table.

The bride was handsomely gowned in white silk crepe meteor trimmed with lace. Her flowers were white roses. The groom wore the conventional color.

The young couple are both well known young people of Ashton. The groom is cashier in the Ashton Farmer's State Bank.

Mr. and Mrs. Yenerich left this afternoon for a trip in the east, stopping at Chicago, Niagara Falls, New York City and Washington, D. C. They will be at home to their friends after July 15, in Ashton. The bride's going away gown was a tailored suit of blue.

Another little game of chubby, little cupid materialized yesterday when the marriage of Miss Gertrude Decker of Sterling and John Clark, of this city was solemnized at Nuptial High Mass at seven o'clock, in the Sacred Heart church at Sterling. The ceremony was very beautiful and impressive and was performed by the Rev. Father Rogers.

The bridal couple were attended by Miss Henrietta Schryer, of Sterling and Joseph Clark of Dixon, brother of the groom. During the ceremony Mr. John Decker, brother of the bride, rendered a beautiful vocal solo. Only the immediate families of the bride and groom were present.

Miss Decker was handsomely gowned and was a very beautiful bride. She is the daughter of Mr. and Mrs. J. Decker of Sterling, and is a young lady of charming personality and womanly graces. Her friends are many to extend congratulations and best wishes.

Mr. Clark is the son of Mr. and Mrs. John Clark of Highland avenue of this city and is a young man of sterling character, industrious and steady and is employed as a freight conductor on the Chicago Northwestern railroad, with prospects of rapid advancement.

After the ceremony a very pretty wedding breakfast awaited the bridal party at the home of the bride's parents. ## NEGLECT OF TEAMS— STIRS OFFICERS' IRE

**WILL PROSECUTE THOSE WHO  
LEAVE HORSES UNFED AND  
UNPROTECTED.**

The ire of the city officials is aroused by the carelessness and possibly criminal habit, of some out-of-town visitors who drive to this city and leave their horses standing all day long in the hot sun with absolutely no protection. This is cruelty which is often perpetrated in the streets of this city. A stranger will drive into town in the early morning tie his horse in the open and stay away while the poor beast sweaters in the sun unwatered and unfed the whole day long.

Just such a case was noticed yesterday when a horse was left standing without care, from early morning until 7:30 last evening at which time the officers kindly took it upon themselves to see that the animal was cared for.

Such things should not happen and possibly a few fines by the humane officers of the town will abate the thoughtlessness and cruel practice.

## SUCH IS FAME.

A thousand years ago nothing was known even in legendary lore of a people who built a beautiful city on the shore of a lake in what is now known as Bolivia in South America.

"Tiahuanaco" is the name given this wonderful ruin which still covers an area of a square mile.

An American expert who has examined the city long lost to fame says of it:

"A traveler stopping in the little town, and ignorant of the proximity of the ruins, would be astounded to observe the number of beautifully cut stones built into parts of adobe huts of the most primitive character, and sometimes forming portions of a squalid portico. A doorway to a dilapidated, thatch-roof hut, may have a lintel or a jamb formed from an artistically carved stone. In the walls of the little Catholic church and in those inclosing its yard, and even in the paving, may be seen these smooth stones. The pedestal on which is mounted the stone cross in front of the church is made up of them, while on either side of the gateway to the inclosure stands a carved stone idol whose lines, marred by the ravages of time, still show the artistic skill of the ancient sculptors who wrought them.

"A doorway to a thatch-roof hut may have a jamb formed by an artistically carved stone," reads the narrative.

"Imperious Caesar, dead and turned to clay, might stop a hole to keep the wind away."

## THE HENNEPIN.

The people of eastern Iowa and western Illinois are much interested in the proposed improvement of the Hennepin canal, according to the Clinton Advertiser, which goes on to say that that waterway has been rendered practically useless by neglect, after a large sum of money was spent for its construction. A decision by the supreme court of Illinois is expected soon, and a favorable opinion will render possible the canal's rehabilitation. Should the high court of Illinois act unfavorably on the case the whole matter will be referred to the national department of justice. The Greater Davenport committee has enlisted interest of Congressman Henry Vollmer of the Second Iowa district in the proposition, with the request that he defer action until the Illinois court acts.

## FREEPORT IS PROGRESSIVE.

A news story tells how the directors of the Freeport, Ill., schools intend to add a course in practical printing to the other industrial courses in the Freeport High School. They already have, and indeed, have had for several years, a complete course of business training, bookkeeping, typewriting, stenography, etc., for boys and household science for girls. Freeport is abreast of the times on the school proposition. Dixon is not.

Give the students of Dixon a union high school to take in both sides of the river, and then give them the kind of courses they ought to have. North Dixon is ahead of the schools on the south side of the river in this respect, but there are branches of study that North Dixon could well add, if the finances would permit. South Dixon has not even a kindergarten.

## LEECH FOR REPRESENTATIVE.

City Attorney Leech of Amboy has announced himself as a candidate for state representative on the republican ticket. The candidacy of Attorney Leech is accepted all over the district very favorably. The Amboy man is well known from his political work and his activities in connection with the Lee County Fair, of which he is secretary, as well as from his law practice, which has been extensive for many years. We believe the voters of the Thirty-fifth Senatorial district will get behind Mr. Leech and elect him.

Congressman Copley of the Eleventh Illinois district has told some one that he will stand out as a progressive if he remains alone. An exchange observes that his intimation of possible loneliness must have been suggested to him by reading the returns of recent primary contests where the progressives have put up a ticket.

Colonel Brinton believes in working for the people who are paying him his salary, the Grand Detour Plow company stockholders, rather than indulging in the frivolous game of politics.

The garbage problem does not seem to be approaching a solution by leaps or bounds or anything like that.

## CURRENT COMMENT

Canton Register: The Tice law no doubt will be altered and improved in some respects. But it will not be taken from the statute book by court or legislature. And no county long will be content to let its share in state aid to improve its highways pass to other counties. No township long will be content to see road building progress slow. Illinois at last emerges from the mud.

Galesburg Republican-Register: The cause of good roads in this state was given a mighty boost by the supreme court on Tuesday when it issued its opinion upholding the good roads law, the constitutionality

of which had been attacked. What is more the opinion of the court was unanimous.

Litchfield Free Press:—The good roads campaign is on. At last Illinois is to be pulled out of the mud. No longer shall the state that is great politically, commercially, geographically and agriculturally be among the last among the sisterhood of states in the matter of good roads.

Monmouth Review: The importance of these improved highways to the farmers can not be estimated in advance. They mean less isolation, better marketing facilities, and consequently better prices for farm products, more comfort in travel, better school arrangements and greater happiness.

The Broad View  
BY WALT MASON

No doubt the girls deserve the rights for which they clamor, days and nights, and men should patient be and fair; I love the women passing well, but when they raise their "rebel yell" I'm glad my granny isn't there. The women ought to have a hand in governing this happy land—they have that right, and more to spare; this cheerfully I grant each maid—but when I see a suff parade, I'm glad Aunt Agnes isn't there. The dames, who help to bear the yoke, should have the right to chew and smoke and play cheap politics and swear; but when the wives neglect their homes, and chase around with batty domes, I'm glad my grand-niece isn't there. I'd like to see the women gain all blessings that they would obtain, and all imagined laurels wear; but when I think of politics, with all its cheap and sordid tricks, I'm glad my sister isn't there. Let others' sisters, aunts and wives go forth and sacrifice their lives, and resolute and paw the air; their sacred cause is all O. K., but I am thankful every day, that Cousin Susan isn't there.

Tri-County News:—Last week the Oregon Republican contained this pertinent or impertinent paragraph to the recent Bull Moose convention held there.

"Medill McCormick, of Chicago, was the 'Big Smoke' of the day—and then there was a long list of cigarettes, who clipped in and kept up the fumigation until five o'clock. Five townships, out of 25 in Ogle townships, were represented. The chief item of importance accomplished by the meeting was the declaration to place in nomination a complete county ticket—providing men good enough could be found in sufficient numbers in the Bull Moose lodge to fill such positions on the ticket.

### DEMOCRATS WOULD GO HOME

Showing Opposition to President's Plan of Remaining in Session.

Washington, June 25.—Opposition to the administration plan to keep congress in session throughout the summer has taken concrete form in the house. A petition has been circulated by Representative Ashbrook of Ohio praying the committee on rules not to report any more special rules at this time.

One hundred and twenty-five Democrats already have signed the petition.

### IOWA STERILIZATION LAW IS KNOCKED OUT

U. S. Court Rules Recent Act Is Unconstitutional.

Keokuk, Ia., June 25.—The Iowa vasectomy, or sterilization law passed by the last general assembly, was declared unconstitutional, null and void in a decision filed by Judge Smith McPherson of Red Oak, Ia., United States district judge of the southern district of Iowa, here.

The decision, which was written by Judge McPherson, and affects similar laws in other states, grants the writ of temporary injunction applied for by Rudolph Davis, enjoining the members of the board of parole, the warden and the penitentiary physician from causing the operation of vasectomy to be performed upon the complainant.

"When Blackstone wrote his commentaries," said the judge, "he did not mention vasectomy as one of the cruel punishments, quite likely for the reason that with the advance of civilization the operation was looked upon as too cruel and was no longer performed. But the operation is to destroy the power of procreation. It is, of course, to follow the man during the balance of his life. The physical suffering may not be so great, but the mental suffering is always present and will follow him wherever he may go."

### ZACATECAS YIELDS TO VILLA'S FORCES

Huerta's Stronghold Captured Tuesday Night.

El Paso, Tex., June 25.—General Francisco Villa's army captured Zacatecas Tuesday night at 6 o'clock, according to an official message received by Colonel Tomas Ornelas, jefe de las Armas at Juarez, from General Gregorio Pereyra, chief of arms at Torreon.

The message was dated at Torreon. No details of the battle were given in the message other than that many prisoners were captured by General Villa's troops. The constitutionalist forces also captured arms and ammunition in plentiful quantities, according to the message.

General Villa himself arrived at Pimienta, a station nine miles north of Zacatecas, Tuesday morning, following the reported taking of the city by his troops.

No information regarding the federal defenders of the city under General Barron was conveyed in the message from General Pereyra. It is not known whether the federalists evacuated the city or surrendered themselves to the constitutionalist forces.

## FREEPORT MAY HAVE ANOTHER MURDER CASE

RELATIONS OF SHOEMAKER BELIEVE HE MET WITH FOUL PLAY

### INVESTIGATION IS STARTED

Postmortem Examination of Body Did Not Bear Out Coroner's Findings

Freeport, June 25.—Investigation into the death of Oscar Anderson, who was found dead in the boarding house of L. H. Palmer, 75 Clark avenue, last Saturday morning, is being made by State's Attorney David R. Joslyn, of Woodstock, McHenry county, assisted by State's Attorney Manus, of this county and other officials. The investigation is made at the request of the family of the deceased, who believe that Anderson was not a suicide, but that he met with foul play. The investigation is being made following a post mortem on the remains of Anderson after they arrived at his home in Woodstock last Sunday, the autopsy being held by a prominent physician of that city.

Attorney Joslyn has been in Freeport for the past several days, quietly working on the case. He has interrogated a number of men who were with Anderson on the evening prior to his death, and while there is no suspicion directed against any of the men whom he was with, Joslyn is led to believe that Anderson's death was not due to gas poisoning, as a coroner's jury reported, but that it was due to foul play. The attorney arrives at this conclusion from the facts produced at the autopsy and from general circumstances surrounding Anderson's death.

### No Trace of Poisoning

Mr. Joslyn stated today that the autopsy revealed a clot of blood upon the brain which in itself was sufficient to cause death, also that an examination of the blood did not reveal the traces of gas poisoning, which are always present in cases where death results from gas. Mr. Joslyn stated that the supposition was that Anderson went to his room and after retiring for the night someone entered his room and that the crime was committed and the gas turned on to cover up the crime. Mr. Joslyn does not direct suspicion against any one, but believes that the mystery will be solved within a short time.

### Body Kicked or Beaten

Mr. Joslyn stated that the body of Anderson showed that it was kicked or beaten in some manner and that death was not the result of gas poisoning. He stated that as far as could be learned Anderson had about \$90 on his person, also a gold watch and chain, and all of his valuables except \$9 and a few cents were missing. A part of his money was in small change, and the balance was a \$5 bill found tucked away in one of his pockets. Mr. Joslyn also stated that the family demanded that an investigation be made as they were positive that Anderson was not a suicide, as he was always of a cheerful disposition and his finances were not in such condition that he had to worry, as he had money in the bank at Woodstock.

At the coroner's inquest held over the remains on Saturday morning, the clothing of Anderson was found to be saturated with blood, but no investigation was made.

It has been stated that at 5:30 o'clock on Sunday morning Mrs. Palmer went upstairs to call a roomer and went directly past the door of Anderson, but there was no odor of gas apparent at that time. It was brought out at the inquest that the door leading into Anderson's room was unlocked when his body was found and the gas was turned on.

### IDENTIFY MAN FOUND DEAD.

The following article from the Paw Paw Times, fixes the identity of the man found dead along the railway tracks near Paw Paw, recently:

"The identity of the man found dead near Welland, the early part of last week has been learned. While looking at one of the pictures in Compton, Frank Henry, who lives north of Compton, recognized it as the picture of B. O. Robinson, who had been employed on his farm. Mr. Henry came to Paw Paw and made the identification complete. He told of the man having a wealthy brother who is a well-to-do farmer and stock raiser, at Lake City, Iowa. Undertaker Smith at once sent a letter to Lake City, giving full information, but has received no reply up to this date."

William Waukdell was in from South Dixon today trading.

W. D. Ware is in Iowa on a business trip of several days duration.

## THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live. Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong. "I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."—Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years. If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

## COMB SAGE TEA IN HAIR TO DARKEN IT

Grandma kept her locks dark, glossy, thick with a mixture of Sage Tea and Sulphur.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Hair Remedy" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft, lustre and appearance of abundance which is so attractive; besides, prevents dandruff, itching scalp and falling hair.

TO HAVE PRETTY HAIR.

If your hair is not as soft and pretty, or as fresh and full as that of some friend, do as she does—give it daily attention, just the same care you would a plant to make it healthy and beautiful. Luxuriant hair—soft, fluffy, thick and lustrous—is really a matter of care. If it is too thin, make it grow. If it is too dry and brittle, soften it up—lubricate it. If you have dandruff it is because the scalp is too dry and flakes off.

Parsian Sage, an inexpensive tonic, which you can get from any druggist, or from Rowland Brothers, is just what you need—it softens the scalp, nourishes the hair roots, immediately removes dandruff, and makes the hair fluffy, lustrous and abundant. Parsian Sage takes away the dryness, stops itching head, makes the hair twice as abundant and beautifies it until it is soft and lustrous.

By the use of this helpful tonic any woman can easily make her hair fluffy, soft and pretty.

## BACKACHE IS A WARNING

Dixon People Should Not Neglect Their Kidneys.

Backache is often nature's most frequent signal of weakened kidneys. To relieve the pains and aches, to remove the lameness when it arises from weakened kidneys, you must reach the cause—the kidneys. If you have pain through the small of your back, urinary disorders, headaches, dizzy spells, or are nervous and depressed, start treating the kidneys with a tested kidney remedy.

Doan's kidney Pills have been proved good and are especially for weak kidneys. Doan's have been used in kidney trouble for over 50 years. Here is convincing proof of merit. It comes from this locality:

Mrs. J. H. Boehn, 906 Fourth Ave., Sterling, Ill., says: "We have used Doan's Kidney Pills off and on for years, and think they are the best kidney remedy to be had. Although I never had occasion to use Doan's Kidney Pills myself, I can confirm the public statement I gave some years ago, in their favor. One of the family had trouble from his back and kidneys. The kidney action was irregular and his back hurt him. Finally, he used Doan's Kidney Pills, procured at Perry's Drug Store, and they gave him relief."

The above is an isolated case. Mrs. Boehn is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Boehn recommends. 50c all stores, Foster.

## THE DIXON ROTARY LAWN MOWER

## "DIXON"

THE LIGHT RUNNING, HEAVY DUTY LAWN MOWER.

Guaranteed Equal to the Best Made.

Made in Dixon. Boast! It is Dixon. Every lawn in Dixon should have a mower on it. Your dealer should have one. If he has not got them call us and we will supply you.

We wish to draw your attention to a few of the improvements in the Dixon Lawn Mower over all other makes.

First, to the floating bed knife bar which is swiveled on the rod that ties the back end of the mower securely together, and, with the other tie rod at the front makes the most rigid frame to be found in lawn mowers.

You will notice at each back corner of the bed knife a compression spring. These press the cutting edge of the bed knife up against the reel, or revolving knife, always adjusting itself.

We make the Dixon with a thrust ball bearing which is the same as is used in automobiles, making it the best.

The knives throughout are crucible steel. The lower bed knife is crucible lip steel.

The Dixon Mower will cut heavy grass without raising the handle and without lifting up behind and choking.

#### NOTICE.

I was under the impression that I could remain in my present location during the re-building, but my land-lord informed me yesterday that I must vacate, as the contractors cannot work to advantage with my goods in their way. There is no vacant store room in the City and I will either be compelled to store my goods, or remove to some other town. In either case, I must sell my goods as quickly as possible. Being forced to sell, forces me to make still lower prices, as an inducement for you to buy. The time is short in which to dispose of my stock and if you have a desire to buy goods cheap, this is your opportunity.

I expect to occupy the new building when completed, with an enlarged stock of new goods.

## DEATH AND RUIN IN STORM WAKE

Several Known Fatalities and  
Millions in Damage.

### SOUTH DAKOTA HARDEST HIT

Watertown is Wrecked, With Loss of 300 Buildings—Mother and Baby Caught in Wreckage—People Rowing Canal Are Drowned—Two Killed at Wedding.

St. Paul, Minn., June 24.—Four killed in Minneapolis and a score seriously injured at Watertown, S. D., property damage estimated at more than \$1,000,000, with an almost complete tieup of telegraph and telephone communication for a number of hours was the reported havoc of the wind and rain storm, which swept over North Dakota, South Dakota, Minnesota and Wisconsin.

Reports are incomplete and it is possible that the loss of life and property damage totals may be increased when communication is restored in the four states.

**Wipes Out 300 Buildings.**  
Apparently the storm struck with greatest severity at Watertown, where it cut through a section of the city for sixteen blocks with cyclonic force. Three hundred buildings were wiped out. Mrs. Carl Backlund and baby and Miss Marie E. Clove were caught in the wreckage of their homes and possibly fatally injured.

In Minneapolis Esther Munson, seventeen years old, was killed when her home collapsed. Louis Grams and Margaret Kelly were drowned when their canoe was blown over in Lake Harriet. Miss Loretta Grams of Jordan, Minn., also was caught in a canoe, which was swamped in Lake Harriet, and drowned.

**Tornado Strikes Near Oshkosh.**  
Oshkosh, Wis., June 25.—A tornado which swept from west to east from the village of Omro through the northern limits of Oshkosh cost about \$50,000 worth of damage. The destruction at Omro included a number of buildings and trees. In Oshkosh the barns and bleachers of the baseball park at the county fair grounds were blown down and several houses were smashed.

**Unroofs Green Lake Houses.**  
Fond du Lac, Wis., June 24.—A storm which struck the town of Green Lake unroofed the court house, jail, opera house, sheriff's residence and scores of other houses; uprooted scores of shade trees and filled the streets with debris. The house of Fred Koplin was razed and Mr. Koplin, an invalid, and his daughter Mildred may not recover from injuries they received. The damage is estimated at \$75,000.

**Storm Kills Two at Wedding.**  
Wausau, Wis., June 25.—Two persons were killed, three probably fatally injured and seventeen hurt, several of them seriously, when the house and barn of Michael Kurtzwell, in the town of Emmett, Marathon county, was blown down by a tornado. The dead are: Laurence Zalzmann, seventeen years old, and the two-year-old child of Kurtzwell. Among the injured are: Karl and Joseph Wunders, Seham K. Quota, Mrs. Kurtzwell and Frank Murphy. The wedding of Kurtzwell's daughter had been celebrated early in the evening and the crowd had remained for a bachelorette party.

**One Killed and Two Injured.**  
Clear Lake, S. D., June 25.—H. E. Manning was killed and Mrs. Christianson and baby daughter were probably fatally hurt in a tornado near here. Property loss is \$40,000.

**Five Killed in Wisconsin.**  
Milwaukee, Wis., June 24.—Five killed, seven fatally injured and property loss that will total \$1,000,000 is the result of a tornado which swept over Wisconsin. Nine were killed in North Dakota and several more in Minnesota. One man was killed in Milwaukee and a loss of \$100,000 to property sustained.

At Mosinee, Wis., while a dance was in progress, the tornado uprooted the barn the affair was being held in, and buried the occupants underneath. Five people were killed and three fatally hurt. Only three girls in the place escaped injury.

#### Better Have Jumped Bond.

Perru, Ind., June 25.—Ralph Walters, who was charged with stealing 25 cents' worth of corn and was released under bond of \$1, was found guilty in the Miami circuit court and was fined \$5 and sentenced to ten days in jail.

**Pitcher Johnson Wed.**  
Washington, June 25.—Walter Johnson, the premier pitcher of the Washington League Baseball club, was married here last night to Miss Hazel Roberts, a daughter of Representative E. E. Roberts of Nevada.

**Death Rate Low; Cemetery Fills.**  
Indianapolis, June 25.—Receiver was appointed for the Oakhill cemetery at Gary, Ind., on the complaint of a stockholder that the people did not die fast enough to make the investment profitable.

### THIS IS CHERRY WEEK

Get good cherries then come to the Dixon Grocery Co., and get the White Crown Fruit Jar Caps. They fit any Mason Jar. No metal of any kind comes in contact with the fruit. You do not have to buy fruit jar covers again once you buy the White Crown. Nothing to wear out or eaten by acid. They only cost 5c per dozen more than the old Boyd caps that you have to buy each year.

Canada prohibits by law the sale of Zinc Caps for canning fruit. The Pure Food Commission of the U. S. recommends that they should not be used. Why use them when the White Crown is cheaper in several years of use. They sell for 35 cts. per dozen for caps and rubbers.
